Forced Organ Harvesting from Live **Falun Gong** Practitioners

in **CHINA.**

More than one million Falun Gong have been murdered in China, to supply hearts, kidneys, livers, etc, for the 'Tourist Organ Market.'

'And expounded unto him the way of God more perfectly.' Acts 18:26.

The inhuman butchery of the Falun Gong, by the Chinese Communist Party.

The practice of Falun Gong began in China in 1992, consisting of meditation and exercise, focusing around the core tenets of Truth, Compassion, and Tolerance. At first the practice was widely encouraged by the Communist Government, because, as they themselves admitted, it was 'beneficial to Public health.' By 1999 it had grown to include over 70 million adherents, and it eventually peaked at about 100 million.

The Chinese Communist Party became wary of the Movement as its numbers soared, fearing it could become a threat to them; so, in 1999, Jian Zemin, the General Secretary of the CCP's Central Committee, ordered the persecution and extermination of the Falun Gong. Adherents were arrested, beaten, imprisoned, and tortured, and prisons were flooded with them, as suppression of the Falun Gong increased. Those imprisoned were subjected to a medical examination, and a Blood Test.

Before 1999, there were only 19 Hospitals in China performing Organ Transplants, and only 135 Liver Transplants were conducted up to that time. By 2005, 500 Hospitals were performing Transplants, and by 2006, over 14,000 Liver Transplants had been conducted. The number of Hospitals currently doing Organ Transplants, is nearly 900.

So, where do all the organs come from for the Transplants? C.C.P. Officials claim they come from Organ Donors, and Death Row prisoners. At the present time, there are over 10,000 Transplants per year, yet there are only between 100, and 200, Death Row Prisoners executed each year, and less than one voluntary Organ Donation yearly. Organ Transplants have become a Billion dollar per year Industry in China, as they cater to 'Organ Tourists,' from all over the world. The Organs (Corneas, Lungs, Heart, Kidneys, Liver, etc), from one single person are worth more than \$500,000 U.S. when transplanted.

Doctors involved in the Transplants, have testified that the Organs are 'harvested' from Falun Gong Practitioners, to supply this 'Market.' So far, more than one million Falun Gong have been murdered, in Prisons, and Hospitals, to supply the need. This is all sanctioned by the Government; and the Government, Police, Prisons, and Hospitals, all work hand in hand, in the murder of the Falun Gong, and the trafficking of their Organs.

Organ Transplants are such big business, that Public, University, and Military Hospitals have all got in on the act. A Doctor who had worked in one Prison, said he had personally 'Harvested' the organs from over 2000 Falun Gong. Doctors who request not to perform these duties, have their requests denied. As well as Falun Gong, Uyghur Muslims, Tibetans, and other minorities are held in Prisons in large numbers,

and it is feared they will also be, or are being used for Organ Harvesting.

Doctors and Security Personnel have testified how the Organs are severed from the prisoners while they are still alive, without anaesthetic, and the bodies are then burned in furnaces, to destroy the evidence. Israel and Taiwan have both made it illegal for their citizens to receive 'forcibly harvested Organs.' In June 2013, the U.S. House of Representatives passed House Resolution 343, asking China to cease Organ Harvesting from Falun Gong, and other Prisoners of Conscience. But it goes on unabated. Why? Because the Chinese Communist Party has bought the silence of most nations, on its Human Rights abuses, along with their trade deals.

In countries such as the U.S., where transplants are only done legally, there is always a long waiting list for suitable Organs, as Organs are only available by 'Donation.' The average waiting time is 2-3 years, and can even be much longer. The ex-Vice President, Dick Cheney, had to wait 2 years for a heart Transplant.

In China, for an 'Organ Tourist' willing to pay, a suitable Organ, (Heart, Liver, Kidney, etc.), is guaranteed to be available within 2 weeks; or within 72 hours, for an 'Emergency Transplant,' which has even been done within hours of arrival in the Country. How can they guarantee that? Only by having a suitable supply of Organs available to order. China's Prisons have become 'Concentration Camps,' where Falun Gong, and others are kept in cages, ready to be murdered for profit.

This inhuman practice must stop, and the Chinese Communist Party Leadership must be called to account, and be prosecuted for these crimes against humanity.
