

All I ever wanted was you (PS)

Words and music by Kevin Lee

C G Am Em

Standing at an empty window, looking at an empty road,

F C F G

Waiting, waiting, ever waiting, just to see you coming home.

C G Am Em

My face was streaked with tears, and my heart was filled with pain,

F C F G

Thinking I would never hear your voice, nor see your face again.

F G C

All I ever wanted was you.
